

Tyler Hunt

Career and Current Minor

I currently work as a swim coach at Silver Bear Swim School while getting my dual major degree in Marketing and Management. After college I would love to work in the sports industry in any field but like the idea of sports marketing or analytics.

Technical Background

I would say I am pretty good with computers; I currently own all apple products, so they are connected. I have good practice with Word, Excel, and PowerPoint but still have room to learn and improve.

About Me

I am born and raised in Reno, NV. I grew up playing basketball and love the Boston Celtics. I like watching football and am a fan of the Seattle Seahawks. Some of my hobbies are playing basketball, fishing, boating/watersports, and just hanging with family. I am a big fan of music and travel a lot for concerts. Country is my top genre, but I do like folk, some pop and some rap. I love comedy movies, and my favorite actor (my idol) is Adam Sandler. I can't put one movie as a favorite but all of Sandler's movies are at the top of the list. My dream would be to move to the east coast and work for the Boston Celtics as an analyst or anything really.
